Application letter

Date: September 09/2024

Applicant: Dawit Mequanent

Address: Addis Ababa, Ethiopia

Email: dawitamaye@gmail.com

Phone NO: +251-977 793 401

To: Col John C Robinson American Corner (CJCRAC)

Subject: Seeking Job Opportunity

Position: Technology Support staff

Dear sir/madam,

I am writing to express my interest in the Technology Support staff position at Col John C Robinson American Corner (CJCRAC) as advertised. With a recent Bachelor's degree in Construction Technology and Management and a strong passion for STEAM education, I am excited about the opportunity to contribute to your mission of empowering youth through technology and innovation.

In my current role as a Frontend Developer Intern at ChipChip, I have led various programs that integrate technology and creativity, utilizing equipment such as computers and multimedia tools. I have successfully facilitated workshops that engage participants and foster a deeper understanding of STEAM concepts.

My attention to detail enables me to keep computing devices organized, including managing bookmarks and applications, which significantly enhances user experience. Collaboration and relationship-building are fundamental aspects of my approach. I am confident in my ability to work independently while also contributing effectively to a team. My strong organizational skills allow me to prioritize tasks and adapt to changing requirements in fast-paced environments.

Furthermore, my volunteer experience has equipped me with excellent customer service skills, ensuring that I can assist users with empathy and efficiency.

I am eager to bring my technical skills, creativity, and dedication to the American Space. I am available to commit at least 20 hours per week and would be thrilled to discuss how I can contribute to your team further. Thank you for considering my application. I look forward to the opportunity to speak with you.

Warm regards,

Dawit Mequanent
